

Stories of Generosity

👉 AETH, in collaboration with the *Lake Institute of Faith and Giving*, seeks to elevate the voices of our Hispanic/Latino community and the ways we live out generosity.

We invite you to identify and write the real-life story of a Hispanic/Latino-led congregation or community (in the United States) that is embodying generosity in creative and inspiring ways. We will select four stories to share. Selected stories will be published on the Lake Institute's [Faithful Generosity Story Shelf](#) and will receive an honorarium of \$500 USD once published.

Each submission must include:

- 📖 A 500–700 word narrative in Spanish describing a project or initiative centered on generosity
- 🌐 An English translation of the narrative
- 📷 2–3 high-quality photos, with permission from the congregation or community, to accompany the story

📌 Do you know a congregation whose generosity deserves to be told? We want to hear it!
Please submit your story by March 15 to: info@aeth.org

DON'T MISS THIS EXCELLENT OPPORTUNITY.
